PACKAGING

Bee Stop is available in:

32oz trigger spray

32 oz concentrate

1 gallon jug

5 gallon pail

MIXING DIRECTIONS

32 oz concentrate is mixed at 6 oz. per gallon of water. All other sizes are ready to use.

STEP 1: MIX: Products are ready to use, just spray where ever protection is needed.

STEP 2: APPLY: **Bee Stop** with a pump sprayer or electric spray system. Let solution dry on surface for prolonged insect control.

Coverage: One gallon of **Bee Stop** will cover approx: 200 square ft. depending on porosity, moisture content, and spraying method used.

CAUTIONS

Bee Stop contains Natural Oils. Store the products in original container only. Sweep up spills and flush down drain. Accumulation of product on concrete, ladders, scaffolding, decks, etc., may result in a slippery surface. Avoid contact with eyes.

First Aid: In case of eye contact, flush with water for 15 minutes and get prompt medical attention. If swallowed, give milk or water. Do not induce vomiting. Call a physician immediately.

LIMITED WARRANTY

Citri Fresh warrants this product to be free from defects for six months from date of purchase as long as product remains sealed. Any claim must be made in writing, accompanied by proof of purchase. **Citri Fresh** will only be obligated to replace the product. **Citri Fresh** shall not be liable for incidental or consequential damages resulting from any breach of this warranty and fitness for use. Some states do not allow the exclusion of incidental or consequential damages, so the above warranty may not apply to you. This warranty gives you specific legal rights.

TRANSPORTATION AND STORAGE

Bee Stop is considered **Non Hazardous** under Department of Transportation Regulations. Store products in a cool, dry area and keep from freezing.
